# LADY IN RED

It is Christmas Eve and 'Rose,' a woman in a red dress, awakes to find that she has no memory of who or where she is. As she gradually weaves the threads of memory together, a dark and violent picture begins to emerge... Compelled to leave for fear of her life Rose begins to pack... but it's dark outside and the house is full of strange noises. Will she escape, before her attacker returns?... Or is he still in the house?
